Dear Valerie:

I just spoke with R. Kindt and he told me that Baerbel Friedrichs can present on behalf of him in any case.

Best regards,
Michaela

Dear Michaela:
Thanks for coordinating this information in such a short turn around time. Would it be possible for you to find out if someone could present on behalf of R. Kindt's project (#1188) if we go forward with either the 8/27 or 8/30 dates?

Also, please note that H. Haussmann's projects should also include #1173; I inadvertently left this off of the list before.

Thanks and best regards,
Valerie

Dear Valerie:

Please find attached the file, which I updated accordingly, with the availability of the project leaders.

Kind regards,
Michaela

Dear Michaela:
Since Rick has recently scheduled his summer vacation, the first set of dates under consideration is now no longer an option. To that end, could you please check with the INBIFO project leaders regarding their availability for the following dates instead: 8/13, 8/14, 8/27, 8/30?

If possible, could you provide me with that information by July 16? Thanks for your kind assistance with this.

**Subject:** Scheduling Harm Reduction Project/Activity Review

Dear Brigitte, Barbara, and Michaela,

Although we have not yet completed the 'Product Acceptability Evaluation' project/activity review (scheduled for July 3), I am trying to organize the next review which will cover the planned 'Harm Reduction Guidance' projects/activities. Since there are so many individuals at INBIFO who have projects in this part of the WSA plan, I would like to ask your assistance in confirming their availability.

According to the WSA plan document, the following individuals would need to present (WSA project numbers are in parentheses):
H. Haussmann (1175, 1178)
W. Stinn (1176)
R. Kindt (1188)
P. Kuhl (1129, 1130, 1192, 1193)
S. Weber (1196)
W. Schlage (1150, 1301)
K. Muerrens (1170)
T. Woehrmann (1177)
D. Weisensee (1197)
H. Schramke (1199)
B. Friedrichs (1201)
R. Stabbert (1151, 1153)
G. Schepers (1165)
E. Roemer (1124, 1125, 1300)
D. Veltel (1191)
W. Reininghaus (does not need to present, but needs to participate as one of Rick's staff members)

The dates currently under consideration for this review are July 24, August 1 or August 2. Can the three of you coordinate to provide me a list of the indicated project leaders' availability on these dates? At this time, we anticipate the review would last from 8 am to 12 pm Richmond time. If possible, could I have this information by July 3rd? Please let me know if any questions.

Thank you for your assistance and best regards,
Valerie
